COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Town Clerk has pleasant stamps if anyone wants their's early.

We have been notified the Attorney General has ruled motor vehicle excise taxes for 1974 will remain at one-half rate as of Sept. 1, the same as in past years.

This is contrary to the information we received earlier, when we were told the half rate would not begin until Nov. 1.

The voting list is being updated. If you have had a change of address, or if you feel any change should be made in the way you are presently listed, please come in and notify us and corrections will be made. Those people who are not registered to vote in Bethel are reminded that there will be elections in November and you may register in the Town Office at any time.

Food stamps recipients cannot be issued stamps the last two Town Office working days of the month. These days are reserved to make out reports for the month's issuance.

The Selectmen are considering names as a replacement on the board of directors of M. S. A. D. 44. They would welcome people for consideration.

Elwyn N. Dickey

Purity Chapter, OES, will hold inspection of officers night with the Worthy Grand Matron on Wednesday, Sept. 4. A supper at 6:30 will precede the meeting. Officers are requested to meet for rehearsal on Sunday evening, Sept. 1, at 7:30.

PLANS FOR HEALTH CENTER CONTINUE

The Board of Directors of the Bethel Health Council, continuing in its search for ways and means to establish a family health care center for Bethel and surrounding communities, met last Thursday.

Attention was drawn to a recently disclosed fact that Medicaid funds could not be used to pay for medical expenses of eligible poor families for any medical attention other than that which is supervised directly by a licensed physician. The Board is not discouraged from their plans by the news. "In fact," said Chairman John Laban, "the news of Medicaid's decision has heightened the challenge, and the enthusiasm of the Board".

Positive steps are underway — steps which, should they be successful, will provide the direct, onsite, supervision of licensed practitioners to insure payment by Medicaid for services rendered. Each significant step in this direction will be made public.

Recognizing that much is left to be done in organizing the campaign, the Board agreed that a recruitment drive will be commenced immediately to enlarge the body of the Health Council. Letters of invitation will be sent out immediately to area citizens who are known to be knowledgeable, talented, public-spirited, and aggressive. They will be asked, not simply to be members, but to participate on various committees necessary to complete the final planning of the health center.

The following list of committees was suggested by the Tri-County Health Planning Agency as essential. They will be separate from any of the current standing committees of the Health Council:

(a) Finance Committee — Their role will be determining sources of grants and foundation monies, and the establishment of sound fiscal policy for the center.

(b) Patient Services Committee — They will be responsible for studying the needs and recommending the numbers and types of personnel and equipment needed to carry out good quality primary medical care.

(c) Building Committee — They will recommend to the Council a choice of site, type of building, and examine bids. They may be involved in soliciting of gratuitous services.

(d) Fund-raising/Public Relations Committee — This committee would plan ways and means of raising monies in the communities. Monies other than those which may be obtained by grants or loans. It would be responsible also, for generating support and enthusiasm in all the affected communities.

Any person who does not receive a letter of invitation and who feels he/she would like to contribute his/her talents to the exciting enterprise, should contact one of the

S. A. D. 44 BOARD MEETS MONDAY AT TELSTAR

The board of directors of S. A. D. 44 met jointly with the Ad Hoc Committee for Educational Planning in S. A. D. 44 at Telstar Regional High School on Monday evening.

Dr. Engelhardt of the firm of Engelhardt & Engelhardt reviewed with the joint meeting his firm's recommendations with regard to the educational needs of S. A. D. 44. The Ad Hoc Committee will hold further meetings to review this report and other material before making their report to the directors.

Holding a short meeting following the joint session, the S. A. D. 44 board extended the life of the Ad Hoc Committee to Sept. 30 to allow them sufficient time for preparation of their report to the board.

In other action the board voted to loan a 66-passenger bus to the Telstar School Committee for a period not to exceed six weeks. The Uptm panel is to assume the expense of gas, oil, maintenance and insurance on the unit and to provide a driver.

The board referred to its policy committee for recommendation a proposed policy requiring all persons operating S. A. D. 44 buses to hold a bus driver's license or to make application within 10 days of first operating a district bus.

Sept. Basil Kinney's nomination of Linda Hathaway to serve as a teacher aide in mathematics at Telstar was approved.

As the date for the first September meeting of the board falls on Labor Day, the directors voted to cancel the session.

Because of the unexpected large enrollment in grade six at the R. C. Foster School, some adjustment may have to be made following the opening of school. Principal Edward Flynn noted that there were 66 pupils currently registered with a possibility of a couple more. With their number the building will be crowded, and transportation might become a problem.

Mr. Flynn also reported on the make up of the afternoon session of

board members: John Laban, Tom Catlin, Barbara Douglass, Pauline Applin, Jan Stowell, Elwyn Dickey, Frances Gunther.

FURNISHINGS DONORS AT MOSES MASON HOUSE HONORED AT RECEPTION

A well-attended reception was held on Saturday, Aug. 24, at the Moses Mason House Meeting Room honoring those who had contributed to the furnishing of the House. Guests were invited to tour the House and to partake of punch and other refreshments. In addition there were displays of odds and ends from the last century—a bootscraper, old spectacles, a moose call, old tools, etc.—and demonstrations of early crafts, of special interest because most of them have survived and are enjoying present-day popularity. Mrs. Floribel Haines demonstrated chair caning and the making of rush seats; Mrs. Florence Hastings worked on a hooked rug and Mrs. Nell Valentine was in charge of the quilting frames. Each demonstrator had examples of her craft completed in earlier years and the entire display was very impressive.

The next meeting of the Bethel Historical Society will be the annual meeting, on Sept. 5. A new slate of officers will be elected. Following the business meeting will be a discussion period, with the membership breaking up into small groups in order to bring out ideas for new areas of interest for the forthcoming year.

BETTER HEALTH CARE FOR THE AREA

by Wall Cherry

In last week's article, I stated that only a small fraction of our people relied on Medicaid funds to help them to pay their medical expense. It was pointed out to me by Mrs. Dana Douglass—who ought to know since she deals with that agency—that I was wrong, and that a substantial percentage of our people do need the assistance. The fact, however, does not change my feeling about the dire need for total medical coverage in the area. It presents a problem, but not a block.

I visualize, as did the founders of the Bucksport Center, that there are three broad categories of medical service that could be provided by a family health care center. They are: Emergency Service; Preventative Medicine; and treatment of less complex illnesses that nearly everyone suffers from time to time.

Of course, it is clear that Emergency Service is the most important, and presently, the least available. The following excerpt from the Bucksport dedication ceremonies hand-out tells the scope of emergency services available in a well staffed and equipped health care center:

"Emergency: Suturing of lacerations, stabilization of patients in acute life threatening situations (such as coronary, shock, burn, coma, seizure, cardiac standstill, drug overdose, severe trauma). This might include artificial resuscitation, defibrillation, the starting of an I. V., the taking of an E. K. G. with data phone hook-up with a hospital or cardiologist, the administration of an emergency drug, the protection of a fractured or heavily bleeding limb, the use of suction, catheterization, or oxygen. This type of patient will almost always be transported by ambulance to a hospital with one of the physician associates riding in attendance, thus, it is suggested that such patients be brought to the clinic before being rushed to the hospital. Precious moments may be saved in this way."

Dramatic, isn't it? You'd think so if you were the victim of any of these seizures—and money be damned!

NORTHWEST BETHEL

Mrs. Louise S. Chapman, Corres. — As summer passes, and September approaches, only one thing is uppermost in Sarah's thoughts this year—School! After not having to think about such a thing for, let's see, nine years now, I find it a little bit exciting. Shopping for lunch boxes, pencil boxes, and new clothes is entirely different than when I was the one getting ready for that first big day. Now, the shoe is on the other foot! How can a five year old be so particular. Was I that fashion conscious at such a young age? There are so many things

to choose from now. Almost entirely gone are those pretty little dresses. Now hanging on the endless racks are mini-skirts, body suits, super-wide flares, vests, jeans, and skinny ribbed jerseys. In place of tieup oxfords are rows of platform shoes, clogs, and sandals. Somewhere, among all this fashion I try to find my Sarah. So, I settle for half mini-skirts, half jeans, and in one shopping trip watch her take one giant step in growing up.

Summer jobs are ending for the neighborhood as the kids prepare for school next week.

A new house sprung up overnight, or should I say over the morning. I went away early Monday, and by the time I got back in the afternoon, Mr. and Mrs. Stephen Anderson's new modular home was in place on their new lot beside Mr. and Mrs. Leslie Lapham's.

Matthew Laban, Andy Smith, Vince Chapman, and Sarah will be entering kindergarten this fall.

Saturday my parents, Mr. and Mrs. Lee Billings, and Suzanne, North Woodstock, and Vince, accompanied us to the Plymouth (N. H.) State Fair, where Alan competed in the N. H. State Woodsmen's Championships.

Bonnie Arsenault and Nathan Weeks, Norway, were callers at the Howard Laphams on Sunday afternoon.

so the music of Gary Fuller, Terry Martin and Arnold Murphy.

BETTER HEALTH CARE FOR THE AREA

by Walt Cherry

In last week's article, I stated that only a small fraction of our people relied on Medicaid funds to help them to pay their medical expense. It was pointed out to me by Mrs. Dana Douglass—who ought to know since she deals with that agency—that I was wrong, and that a substantial percentage of our people do need the assistance. The fact, however, does not change my feeling about the dire need for total medical coverage in the area. It presents a problem, but not a block.

I visualize, as did the founders of the Bucksport Center, that there are three broad categories of medical service that could be provided by a family health care center. They are: Emergency Service; Preventive Medicine; and treatment of less complex illnesses that nearly everyone suffers from time to time.

Of course, it is clear that Emergency Service is the most important, and presently, the least available. The following excerpt from the Bucksport dedication ceremonies hand-out tells the scope of emergency services available in a well staffed and equipped health care center:

"Emergency: Suturing of lacerations, stabilization of patients in acute life threatening situations (such as coronary, shock, burn, coma, seizure, cardiac standstill, drug overdose, severe trauma). This might include artificial resuscitation, defibrillation, the starting of an I. V., the taking of an E. K. G. with data phone hook-up with a hospital or cardiologist, the administration of an emergency drug, the protection of a fractured or heavily bleeding limb, the use of suction, catheterization, or oxygen. This type of patient will almost always be transported by ambulance to a hospital with one of the physician associates riding in attendance, thus, it is suggested that such patients be brought to the clinic before being rushed to the hospital. Precious moments may be saved in this way."

Dramatic, isn't it? You'd think so if you were the victim of any of these seizures—and money be damned!

A TRIBUTE TO A DEARLY DEPARTED FRIEND

Eleanor L. Bean

An endless friend throughout the years with whom I've shared many joys and tears

She was an inspiration to many people her goodness stood out like a church steeple

A heart of gold and full of love she has been called to the above

She walked with beauty, she walked with grace

she always wore a look of proud dignity on her face

She loved her family very much with her friends she kept in close touch

All her life she worried about others her children, her sister, her friends and her brothers

Great respect is enclosed in every line

none greater than Eleanor, will you ever find.

A loving friend,
Florence L. Merrill

Mrs. Louise B. Chapman, Corres. — As summer passes, and September approaches, only one thing is upmost in Sarah's thoughts this year—School! After not having to think about such a thing for, let's see, nine years now, I find it a little bit exciting. Shopping for lunch boxes, pencil boxes, and new clothes is entirely different than when I was the one getting ready for that first big day. Now, the shoe is on the other foot! How can a five year old be so particular, Was I that fashion conscious at such a young age? There are so many things

to choose from now. Almost entirely gone are those pretty little dresses. Now hanging on the endless racks are mini-skirts, body suits, super-wide flares, vests, jeans, and skinny ribbed jerseys. In place of tieup oxfords are rows of platform shoes, clogs, and sandals. Somewhere, among all this fashion I try to find my Sarah. So, I settle for half mini-skirts, half jeans, and in one shopping trip watch her take one giant step in growing up.

Summer jobs are ending for the neighborhood as the kids prepare for school next week.

A new house sprung up overnight, or should I say over the morning, I went away early Monday, and by the time I got back in the afternoon, Mr. and Mrs. Stephen Anderson's new modular home was in place on their new lot beside Mr. and Mrs. Leslie Lapham's.

Matthew Laban, Andy Smith, Vince Chapman, and Sarah will be entering kindergarten this fall.

Saturday my parents, Mr. and Mrs. Lee Billings, and Suzanne, North Woodstock, and Vince, accompanied us to the Plymouth (N. H.) State Fair, where Alan competed in the N. H. State Woodsmen's Championships.

CUFF - CHENERY

A lovely summer wedding took place on July 30 at St. John-St. Athanasius Church in Rumford when Miss Vickie Chenery became the bride of Pfc. Robert Cuff, both of Andover. The double ring ceremony was performed by Rev. Robert Lavioie. The bride was given in marriage by her father, Wilbur Chenery. The organist was Prof. Arthur Beaudet, Rumford, and the vocalist was Mrs. Beatrice Clark, Rumford. The bride wore a floor length gown of white satin and nylon organza trimmed with bridal lace and layered ruffles with a stand-up collar. The bride wore a ruffled and trimmed cascade of red rose buds outlined with baby's breath and carnations of red, white and blue.

The maid of honor was Carrie-Lynn Chenery, sister of the bride. The bridesmaids were Heidi Bachelder, Newry, JoAnn Hoyt, Bryant Pond, and Sheila Cuff, Andover. The flower girl was the bride's cousin, Lisa Canton, Rumford, and the ring bearer was the bride's brother, David Chenery.

The older girls wore floor length gowns fashioned similar to the bride's, in color's of powder pink, summer green and lavender. The flower girl wore yellow organza. They all wore matching picture hats. They carried bouquets of carnations trimmed with red, white and blue streamers to complement their gowns.

The best man was Pvt. Peter Colledge, Andover, friend of the groom. Ushers were brothers of the groom, Kevin, Jeffrey and John Cuff.

The mother of the bride wore a full length gown of tulle and crepe trimmed with ruffles. The groom's mother wore a pink floor length gown with embroidered trim. They both wore picture hats and carried bouquets of red, white and blue carnations.

Following the ceremony a reception was held at the Andover Town Hall, Mrs. James Drysdale, Jay, aunt of the bride, circulated the guest book. Miss Elizabeth Brackett and Miss Judy Brackett, North Leeds, cousins of the bride were in charge of the gift table. Miss Darlene Yates, Bethel, also helped at the gift table. Each wore a corsage.

The bride attended Telstar Regional High School, Bethel. The groom graduated from Telstar Regional High School in 1973 and is presently in the armed forces. Following a short furlough he will leave for Germany for a tour of duty.

Out of town guests attended from Rumford, Mexico, Leeds, Livermore Falls, Jay, South Paris, Norway, Gardiner, Augusta, Bryant Pond, Bethel, Maine and Boston, Mass.

The bride is the daughter of Mr.

The policy contains an outline of the hearing procedure.

A copy of the complete policy is on file in the office of the superintendent of schools and may be reviewed by any interested party.
